GARRARD COUNTY DEPARTMENT.

-Mike Ray was arrested last week for selling whisky on Sunday. The trial was set for Saturday, but sickness of Mr. Rav caused a continuance.

-Lawis Wallace, age 60, died anddenly at his home on Sugar Creek Thursday. He was strong and hearty. On county court day he was upon our streets attending to business.

-W. S. Miller has erected an iron lamp post at the corner of public square and Richmond street and uses gasoline for lighting purposes. It gives as good light as gas and is much cheaper. The Trustees would perform a good service by lighting up our streets in the same manner.

-The Christian Aid Society held "pound party" at the Mason House Friday evening, which was largely attended. The society recently placed a beautiful colored glass window in their church and it is now considered one of the most convenient, as well as one of the most handsome houses of worship in our town.

-Mr. Chas. Spilman had-(?)-arrested for stealing two hound pups from him. The case was tried before Esquires Robin. son and Dunn. He was sent to jail to await indictment, upon failure to give \$150 bond. The sheep raisers think it bad policy to go beyond the county limits to arrest any one for dog-stealing. This man had taken the pups to Woodford county. where he was arrreted, and there was no possible danger of their raiding the shorp in this county. It would be a good idea to give a premium to every man that removes a dog.

-Miss Daisy Burnside, of Stanford, is visiting relatives in town. Prof. Damon, of Harrodeburg, is un sing up a class to whom he will give vocal lessons. Miss Louella Bright, of S a and i visiting at J. C. Thompson's. Freece Robinson returned Friday from the South, where he spent the past winter. Misses Rhoda Hail and Maggie Newland have been visiting Mrs. Tom Palmer and attending the protracted meeting which closed last night. Williamsburg Friday. Sport is not so fine there as it was two weeks ago. The boys had bad luck. Mrs. T. A. -Mrs. Sallie Ward, of Crab Orchard is visiting the family of her brother, Mr. Will Ward. Mr. and Mrs. Frank Lutes have returned home from a visit to Crab Orchard and Mrs. Scott Farris has gone to Covington to see her husband.

-A war has opened up here in the carriage painting business. Mr. George law. Sebastin has opened a shop in opposition to Mr. E. B. Ely and they have commenced to cut at each other. The usual price for painting a buggy used to be from \$10 to \$15, but Mr. Ely says rather than be outdone he will do the work for \$5.

GRAVEL FOR DYSPEPSIA .-- A houses to live in. If some enterprising York man dined at fancy restaurants so and consulted several high-priced doctors thought he would study nature and see if he could not find relief. He observed that chickens and other barnyard fowls were never troubled with indigestion to such an extent as to make them complain about it. He also observed that they swallowed large quantities of pebbles, sand, pieces of brick, and bits of grass with their food. He resolved to imitate their example. He did so with the best results. He used marble dust instead of salt on his beefsteak, and filled his peper box with sea sand. Receiving so much benefit from these kinds of grit, he proceeded to swallow gravel and pieces of plastering. In a few months he was entirely cured, A 'prominent physician" says gravel is undoubtedly good for dyspepsia, but that it should be taken under the direction of a doctor .- [ New Orleans Times-Democrat.

### Governor McCreary

Among the resolutions adopted by the Madison county democracy this in regard to Gov. McCreary occurs: 'That with pride and pleasure, we, the democracy of Madison county, present to the democracy of this Congressional district our distinguished citizen, Hon. J. B. McCreary, as our candidate for the democratic nomination for Congress. His eminent public services as Representative in the Legislature from this county for three consecutive terms, as Speaker of the House for two terms and as Governor of the Commonwealth, his stainless character, public and private, his large experience in public affaire and thorough knowledge of the exigencies of the political situation, inspire us with confidence in his full capacity and fitness to discharge the high trust which we would commit to his hands. The handsomest girl in Sylvania county, Ga., became engaged nearly forty years ago to John Gross, the son of a we lithy planter. Shortly after the engagement was announced, Gross went to New Orleans on business, forgot his lady love, settled lin Texas and did not return until two years later. Tho' the lady had not heard a word from him in all that time, she was still true. They renewed the engagement, then quarrelled and Gross went off again. He remained away until a few days ago, when he returned to the old homestead to celebrate his sixtieth birthday. He found his fiances still waiting and promptly married her. She had refused many offers of marriage during his absence. Three men whom she refused became respectively a Congressman, a Senator and a Governor. A citizen of Fitchburg, Mass, whose

house, barn and shed were overrun with rate, tried a method which he had heard recommended to get rid of them, though without any expectation of success. He caught a rat in a trap, and, with a piece of lighted paper singed off the hair of its back, taking care not to burn or hurt the hide.
